Additional Components of the Learning Standards for ELA

- Anchor standards (K-12)
- Literacy standards for History/Social Studies, Science and other Technical Subjects (Grades 6-12)
- Appendix A
  - Text complexity
- Appendix B
  - Illustrative texts
- Appendix C
  - Student writing exemplars
- Language Progressive Skills (Grades 3-12)

Three Key Shifts

- **Building knowledge** through **content-rich nonfiction**
- Reading, writing and speaking grounded in **evidence from text**, both literary and informational
- Regular practice with **complex text** and its **academic language**

Ten Guiding Principles

1. Make close reading of texts central to lesson
2. Structure majority of instruction so all students read grade-level complex texts
3. Emphasize informational texts from early grades on
4. Provide scaffolding that does not preempt or replace text
5. Ask text-dependent questions

Ten Guiding Principles

6. Provide extensive research and writing opportunities (claims and evidence)
7. Offer regular opportunities for students to share ideas, evidence and research
8. Offer systematic instruction in vocabulary
9. Provide explicit instruction in grammar and conventions
10. Cultivate students' independence

Transitioning to Ohio's New Learning Standards

- Familiarize yourself with structure and content of new standards
- Understand commonalities and differences between current and revised standards
- Discuss implications for instruction and assessment
- Utilize the resources and the tools created by ODE for alignment

Intentional Design Limitations

What Standards do NOT define:

- How teachers should teach
- All that can or should be taught
- Nature of advanced work beyond core
- Interventions needed for students well below grade level
- Full range of support for English language learners and students with special needs

– *Common Core Presentation 2010*

Frequently Asked Question

Q: Will the common core state standards keep local teachers from deciding what or how to teach?

A: No.

- Common core standards are clear set of shared goals and expectations for what knowledge and skills will help students succeed
- Local teachers, principals, superintendents and others will decide how standards are met
- Teachers continue to devise lesson plans and tailor instruction to individual needs of students in classrooms
- Local teachers, principals, superintendents and school boards continue to make decisions about curriculum and how school systems are operated

SAMPLE CROSSWALK

Grade	Common Core State Standards	Ohio – 2001 Academic Content Standards Benchmarks
Grade Five	**Reading for Literature**	
	Key Ideas and Details	
	1. Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.	**5RPC**-Make meaning through asking and responding to a variety of questions related to text.
	2. Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text.	**5RPB**-Apply effective reading comprehension strategies, including summarizing and making predictions, and comparisons using information in text, between text and across subject areas. **5LTE**-Demonstrate comprehension by inferring themes, patterns and symbols.
	3. Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact).	**5RPB**-Apply effective reading comprehension strategies, including summarizing and making predictions, and comparisons using information in text, between text and across subject areas.
	Craft and Structure	
	4. Determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes.	**5AVA**-Use context clues and text structures to determine the meaning of new vocabulary. **5AVB**-Infer word meaning through identification and analysis of analogies and other word relationships.
	5. Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem.	**5RPA**-Determine a purpose for reading and use a range of reading comprehension strategies to better understand text.
	6. Describe how a narrator's or speaker's point of view influences how events are described.	**5LTD**-Differentiate between the points of view in narrative text.

The concepts and skills found in the Reading Process Standard of the Ohio Academic Content Standards are embedded in larger ideas within Reading, Writing, Speaking and Listening, and Language Strands of the Common Core State Standards	**Reading for Literature** • Citing textual evidence • Drawing inferences • Identifying theme • Analyzing character development • Determining tone • Analyzing point of view • Determining meanings of words and phrases • Analyzing diction • Analyzing treatment, scope & organization of text.	**Reading for Literature** • Analyzing a subject or key scene in different artistic mediums (RL.9-10.7) • Analyzing how an author draws on and transforms source material (RL.9) • Text complexity: the inherent difficulty of reading &comprehending a text combined with consideration of reader and text variables. Next Step: Model Curricula

Why a Model Curriculum?

…the state board shall adopt a model curriculum…The model curriculum shall be aligned with the standards, **to ensure that the academic content and skills** specified for each grade level **are taught** to students, and shall demonstrate vertical articulation and emphasize coherence, focus, and rigor.

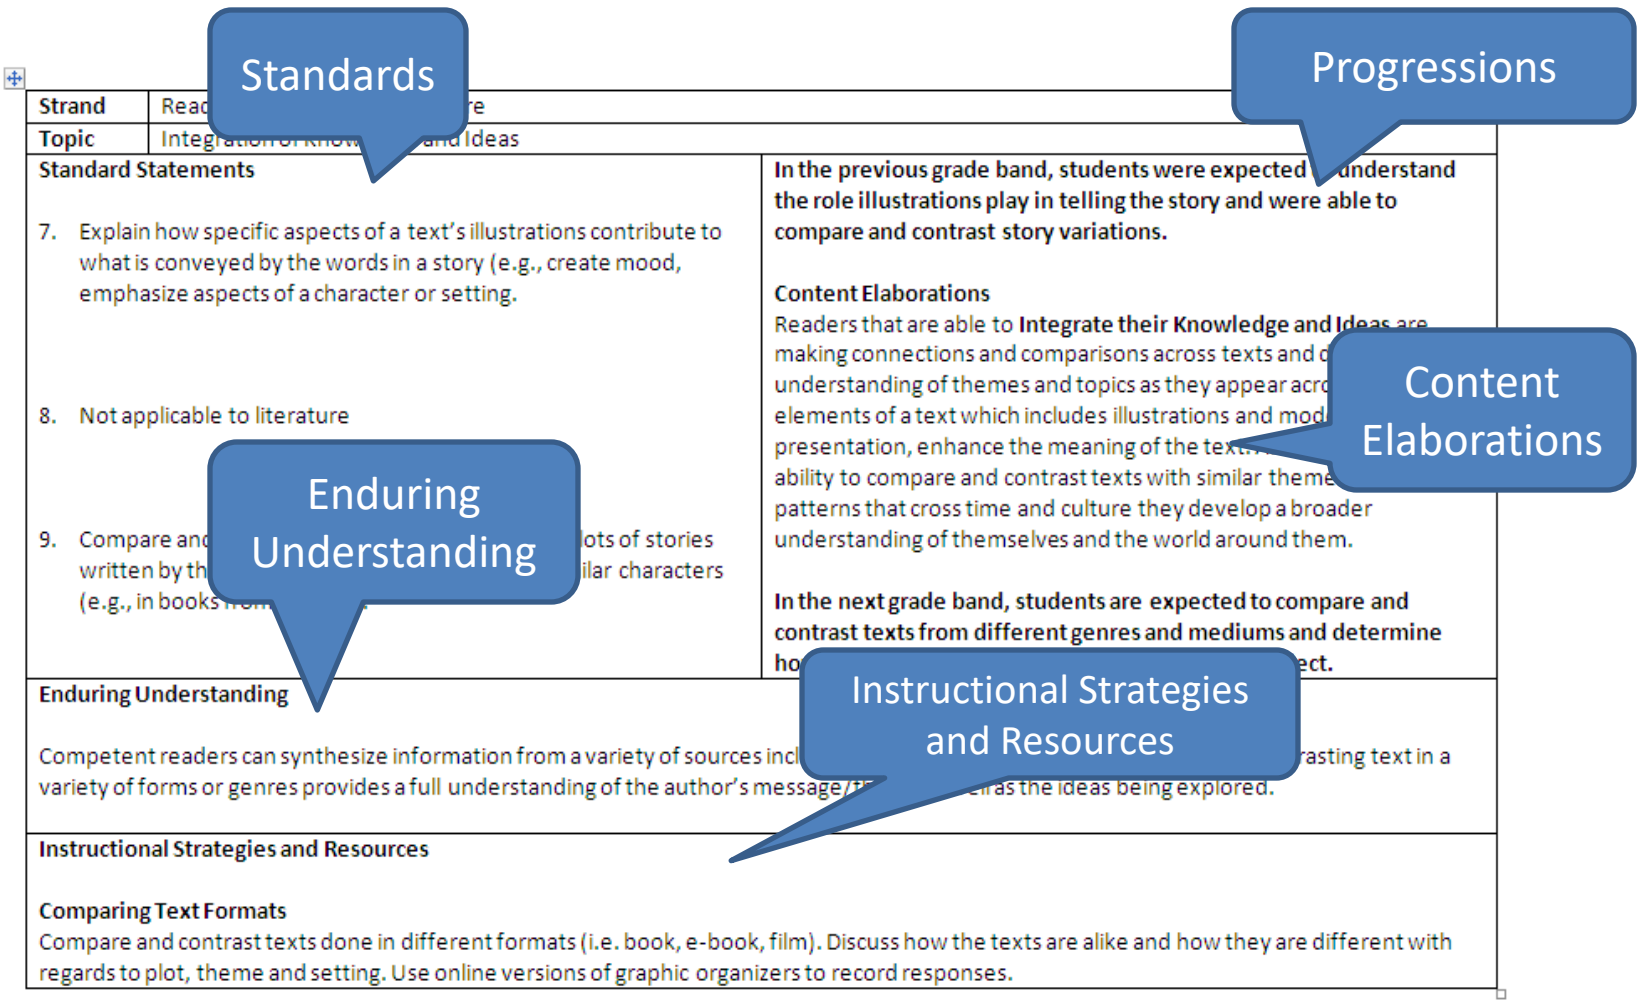

– ORC §3301.079(B)

What is the Model Curriculum?

Web-based tool, aligned to standards, that:

- Presents information specific to content area by grade level, grade band and course
- Provides curricular and instructional guidance
- Includes instructional strategies and resources
- Informs assessment development
